

FORM FOR NCCC OFFICER NOMINATION

NCCC OFFICE YOU ARE RUNNING FOR: Director of Public Relations

NAME: Douglas McMahan

ADDRESS: 2304 Forest Park Circle

CITY: Mansfield STATE: TX ZIP CODE 76063

BIRTHDATE: August 31, 1957

PHONE NUMBER: 817-473-3837

E-MAIL ADDRESS: macsvettes@att.net

NUMBER OF YEARS IN NCCC: 6+ years

NCCC CLUB AFFILIATION: Cowtown Vettes

NCCC NUMBER: SW-055-0668

PRIOR OFFICES HELD AND NUMBER OF YEARS IN EACH OFFICE:

NATIONAL: none

REGIONAL: Regional Webmaster (2+ yrs)

Chairperson for the 2008 Convention hosted by the Southwest Region (1 yr)

LOCAL: Board of Directors (6+), Webmaster (6+), NCCC Events (1), Competition (2)
Historian (4) & Cruiser Chairpersons (5+) in Cowtown Vettes.

YOUR QUALIFICATIONS FOR THE OFFICE YOU ARE RUNNING FOR: Our first membership with NCCC was as Members at Large, which shortly changed after joining a local NCCC club in which we have become heavily involved. That involvement, along with the right people, have gotten me more involved beyond the club where I handled event photography for NCCC National Convention in 2007 & 2008. (cont'd on back)

WHY DO YOU THINK YOU ARE THE BEST NOMINEE FOR THIS OFFICE? I have been a Corvette Enthusiast for years, owning my first Corvette at age 16; not just an owner but one who has a passion for the Corvette and activities that involve it. This passion leads me to promote the Corvette and activities based around it; most of all NCCC. These efforts have led to recruiting several new NCCC club members along with one new NCCC SWR Club back in 2007. (cont'd on back)

THANK YOU and GOOD LUCK!

Qualifications (cont'd)

For Convention of 2008, I was the Chairperson for Convention Art & Photography along with logo merchandise and handling participant give-away items. Over the past four years, I have worked with the Directors of Public Relations and Sponsorship to create the NCCC Convention Sponsor brochures. My involvement also included creation of NCCC ADS for various magazines, as well as the NCCC ADS that went under the National Corvette Museum Café's glass table tops.

My wife and I have been involved in NCCC Competition since late 2003, with Top 10 Regional finishes while competing both in and out of region; my wife was in the Top 15 in 2006 while I fell just short of that goal. In 2005 & 2007, as Webmaster for Cowtown Vettes, we won 1st Place in the NCCC National Club Website Contest and 2nd Place in 2009. We enjoy and promote NCCC not only because of the Corvette but for the wonderful people whom we have met and become friends with. While this organization was founded for the Corvette however it is really about the people!

Why The Best Nominee for this Office (cont'd)

My involvement with Conventions as a participant and chairperson, combined ongoing activities working with the Directors of Public Relations, Sponsorship and Publications have not only been fun but have quickly shown me the business side of NCCC that provides the knowledge to serve in this capacity.

We have been a member of NCM since 2003 along with being members in the National Corvette Owners Association (NCOA). In 2005, I founded the Cowtown Cruiser Program (competition) that is still actively participated in; with the underlying theme of getting the vette out of the garage and to enjoy America's Sports Car. This not only promotes the Corvette but our club along with NCCC while enjoying cruising for points. Previous activities as a member in other organizations (automotive and other), including being a founding member, have provided a background into organization management and activities.

Additional skills in the art and design arenas enable my visual capabilities aiding in creation of ADS, displays, etc. For the past 15 plus years, my career has been in the computer industry as an Architect setting direction and standards for a Fortune 30 company. As MIS Manager (of a manufacturing company), I was responsible for leading a team of programmers and support personnel. Prior to the computer, my career switched from that of a Civil Engineer when the Oil & Gas Industry slumped in the late '80's.

This background variety offers me numerous skills and knowledge that will assist with the functional duties of Director of Public Relations. Last, but not least, my leadership and foundation was started in the Boy Scouts of America where I obtained the rank of Eagle Scout.

Our four grandkids are FCOA members (since birth) and we are teaching them about the Corvette so they too can become Corvette Enthusiasts.

I am heavily involved in our club and our region and I would like to expand my involvement to the national level of NCCC in order to serve as the next NCCC Director of Public Relations.
